

# These Precious Moments Don't Last Forever

...but with our help, your memories can.

Because they really do grow up fast!

“Tammy and Bruce have photographed both my children since birth. They truly have a gift of capturing each child’s personality”  
Jessica

## Savor these Memories.

Photographs allow us to preserve our memories of the present and hold on to them forever.

At Jolley Photo and Design, we can help you savor those treasured memories for years to come!

You want to **remember every detail** of this special time when your baby is so young. You think to yourself, how could I possibly forget a single detail? But the simple truth is that **even the most precious memories can fade.**

## Now is the time to Begin Recording the Magical Moments in Your Baby's Life.

**Life moves so quickly**, especially with a little one around. It's so important to capture this special time **before it's gone.**

Without a doubt, you spend hours gazing at your little one, finding yourself in utter amazement of the **miracle of life**, not wanting to miss a single moment. You carefully study each one of your baby's **delicate features**, marveling at the precious lips, petite fingers and tiny toes!

Just think how much they'll change & grow and how important it is for you to remember this special time in your life.

“I love my Jolley Photography pictures! My daughter felt like Royalty during the photo shoot. I am grateful to Jolley's for preserving this moment for my daughter”  
Sarah Johnson

It's so important to capture these memories now because they grow up so fast.

Capture their wonder!

"Jolley Photography is the best photography studio I have found. I will never go anywhere else. The quality of portraits are beyond my expectations. They amaze me every time I have our portraits done there. This is the only place I will ever go."

Darci & Ron Gillett

You may be thinking, how can we do this for only \$39? There must be a catch, right?

Really, there's no catch. We believe so strongly in what we do--and in what we can do for you--that we want to give you a really good reason to come and see us, get to know us and grow with us over the course of your child's life.

You might also question why a quality studio like ours would want to discount so much?

We're willing to let a limited number of folks like you 'test drive' what we have to offer in the hope that you will love what you see.

And once you've had a great experience with us we're confident that you'll want to keep coming back to us again and again, long after the first year baby plan is over. We pride ourselves on truly happy repeat clients.

### Limited Time Offer

Because this is such a great deal at \$39, we're limiting the offer to **only the first 10 responders** this month.

"We are repeat customers of Jolley's, they are such great people. Amazing with newborns and great with kids as they grow. They are so patient and professional. We will continue to come back as our family grows. Thanks for everything."  
Justin & Ashley Basso

# You've Got Questions.

Here are some frequently asked questions about the Baby Plan:

## Q: Tell me more about the Baby Plan. How does it work?

The Baby Plan is designed to capture the four major milestones of your baby's first year. For your 39 investment, you receive a total of **four portrait sessions** for your baby at **3 months, 6 months, 9 months and 12 months**. Each portrait session also includes a personal viewing appointment for selecting images from that session.

## Q: What if my Baby is older than three months?

### Can I still join the Baby Plan?

Yes, of course, As long as your baby is 6 months or younger, we can build a custom program for you.

## Q: What if I have twins (or triplets)? Does it cost more?

We adore having twins in the studio. Multiples are welcome to the Baby Plan at no extra charge. Just sign up for a single Baby Plan and we'll photograph them together.

## Q: Can I bring in my older children to the sessions?

The Baby Plan is designed specifically for your baby's first year. We'll get the best results if we focus only on the baby. However, if there is time at the end of a session, we are happy to include the older sibling with the baby.

## Q: How long are the sessions?

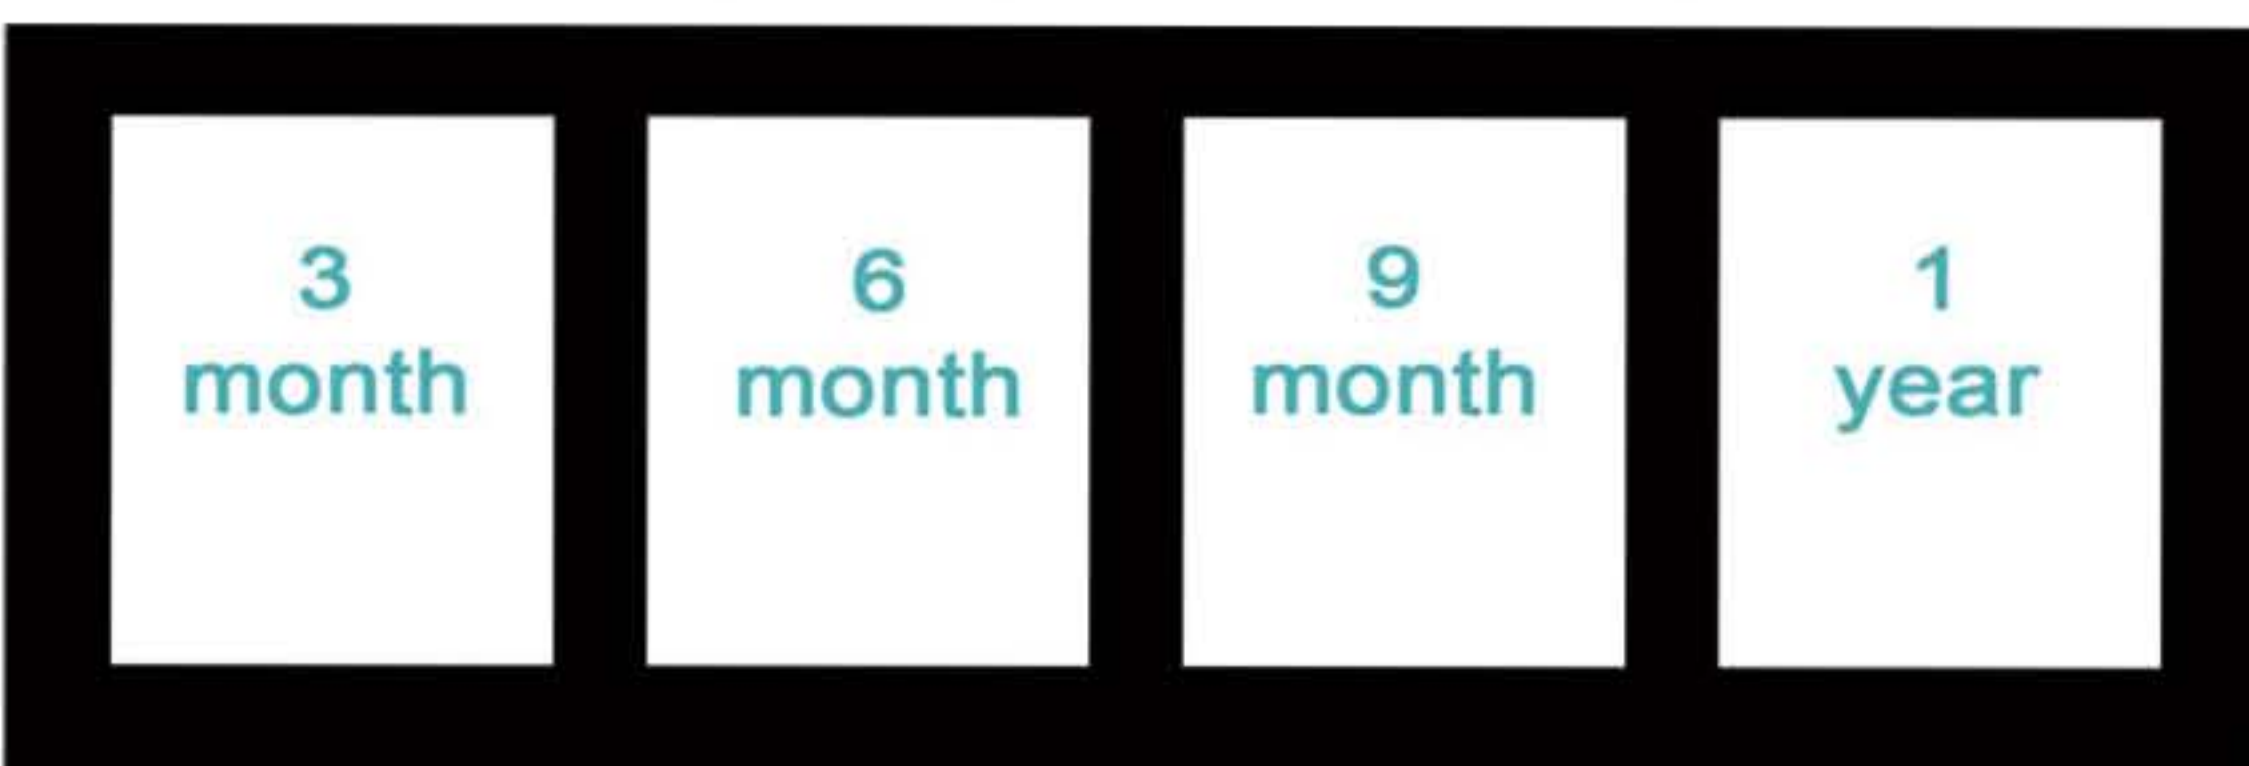

We reserve a full hour for each of your scheduled portrait sessions. There's nothing rushed. We allow time for babies to be fed, changed or cuddled.

## Q: What do I bring to the session?

We'll consult you on what you will need, what to expect and what to bring once you're on board.

## Q: What's this about a bonus gift?

The bonus gift is easy to get! All you need to do is complete all four sessions and viewings at 3, 6, 9, & 12 months and place an order at each stage of the plan and you'll receive an unframed storyboard panel of four images as our gift.

**Bonus gift:** A four image storyboard panel of your baby's first year milestones!

## What does the Baby Plan include?

- **Four studio portrait sessions** at 3, 6, 9, & 12 months of age
- **Four private viewing consultations**  
And a bonus gift:
- **A storyboard panel of four images** from your baby's first year

## Q: What should I expect to spend?

It's entirely up to you what you decide to invest on your selected portraits for the program. Choose from **gift portrait packages starting at \$179** (including frame) to full-year packages complete with a finished hardcover baby album of your favorite images throughout the year. We welcome you to participate in our **easy interest-free payment plan** to assist you in possessing your beloved portraits.

**"We had more fun doing this photo shoot than with anyone else before. You both make a fantastic team. Your style and work is unique in every way.  
Steve & Cercee Morphis"**

# Here's Why We Think You'll Really Love Us.

**We Love Babies!** At Jolley Photography, we care about you and your baby, which is why we have a studio complete with a baby changing area and plenty of **extra diapers and wipes** on hand for the busy mom.

**Relaxed Easy Session.** We want to capture the **best expressions** possible of your baby, so we're not looking to 'force' anything. We naturally engage with your child and draw out his or her **genuine expressions**.

**Super Comfortable Studio.** During your session, we allow you to make yourself at home. We've got **comfy couches** plus **refreshments** such as soft drinks and water.

**One on One Attention.** At Jolley Photography, we **get to know you**, not like those high-volume retail chains that have a constant revolving door of staff members each time you visit.

**Personal Service.** We assist you every step of the way, from **advice** on what to wear to **recommendations** on how to make the most of your sessions.

**Gorgeous Flawless Skin.** No worries about little nuisances like baby acne, skin rashes or dry skin. We take care of it for you.

**Easy Payment Plan.** We're happy to set up an **interest-free payment plan** for our year-long Baby Plan members.

**Guarantee.** We guarantee that **you'll love your portraits** or your money back. We have built our reputation on happy clients.

"We love Jolley Photography! They made us feel comfortable & relaxed. Very classy photos with a wide variety of props. We recommend them to anyone, especially with family and newborns!"  
Ashley and Jameson
